At *The Teacher Next Door*, we know that you strive to be an effective reading teacher while maintaining a healthy work-life balance. In order to do that, you need resources that are impactful, yet simple. The problem is that most reading resources and curriculums out there are far from simple. The pages upon pages of daily lesson plans are just plain overwhelming. We believe teachers should be living their lives outside of the classroom, and not spending hours lesson planning and searching for resources.

Now, more than ever, teachers need space to be themselves which is why we create and support teachers with timesaving tips and standards-aligned resources.

We can't wait to help you get started.
