# TEACHERS ARE SAYING THIS:

I enjoyed this resource and have found many uses for it... It has been beneficial in reviewing skills, building independence, and working on how to solve word problems.  
(Emily F.)

This resource has been a no-prep lifesaver with a great return on understanding and involvement from my students.  
(Ellen F.)

These cards made my job of coming up with problems much easier, and the students enjoyed completing them.  
(Alyssa K.)

What a GREAT resource to have and a lifesaver.  
(Charisse F.)

# FREQUENTLY ASKED QUESTIONS:

1

**Which classrooms would benefit from math task cards like this?** This set of 32 Two Step Word Problems - Addition and Subtraction Task Cards is for you if your **students need lots of focused two-step word problems practice**. If you'd like to **stop endlessly searching** for **easy-to-use word problems** with a variety of addition and subtraction question types, this task card set is for you.

2

**What age is best suited for this Two Step Word Problems - Addition and Subtraction Task Card Set?** The math task cards are aligned with **3<sup>rd</sup> grade** CCSS math standards (and other similar standards). The task cards can also be used with **older students in need of extra practice and support**. Teachers, homeschool educators, and tutors have used the materials successfully.

3

**How could this task card set be used in my classroom?** This resource is **extremely versatile**. Many teachers will use the task cards to review and reinforce math skills. They work well for **math centers, partner practice, small groups, whole-class games, exit slips, or test prep** too.

**At *The Teacher Next Door*, we know that you strive to be an effective teacher while maintaining a healthy work-life balance. In order to do that, you need resources that are impactful, yet simple. The problem is that most resources and curriculums out there are far from simple. The pages upon pages of daily lesson plans are just plain overwhelming. We believe teachers should be living their lives outside the classroom, and not spending hours lesson planning and searching for resources.**

**Now, more than ever, teachers need space to be themselves which is why we create and support teachers with timesaving tips and standards-aligned resources.**

**We can't wait to help you get started.**

**A NOTE ABOUT OUR CEO AND FOUNDER: Jenn Larson is the creator and founder of The Teacher Next Door. With over 20 years of experience in the classroom and a Master's Degree in Curriculum and Instruction, Jenn specializes in creating resources for upper elementary students. Her goal is to support teachers by providing ready-to-use resources that target standards and help students grow in amazing ways.**
