The Golden Goose: Aesop's Fable

Once there lived a Man who owned a very special Goose. Each day the Man visited the nest, he found that the Goose had laid a beautiful, solid gold egg. The Man took the golden eggs to market and was able to sell them for a very high price. Although the Man had plenty of money, he was not happy. He wanted the Goose to lay more than a single egg a day, so that he could become rich faster!

One day, while counting his money, the Man decided that he would kill the Goose, so he could get all of the eggs at once! The next day, the Man killed the Goose and cut it open. Looking inside, he realized that there were no other eggs, and now the Goose was dead.

Asian Elephant

There are only about 40,000 Asian elephants left in the world! Poachers kill elephants each day for their tusks. The poachers can make a lot of money from selling the illegal tusks. Besides poachers, some of the elephants have died from habitat loss. When their rainforests are cut down, the elephants lose their homes.

READING CENTERS FAQ

Which classrooms would benefit from YEARLONG Reading Centers like this?

This set of fiction and nonfiction reading centers is for you if your reading curriculum is lacking when it comes to focused reading skills practice. If you'd like to stop endlessly searching for reading activities that align to each reading standard and are looking for consistent, easy-to-use reading games, this bundle is for you.

What age is best suited for this YEARLONG Reading Center Bundle?

The reading centers are aligned to 3rd grade reading standards. The bundle can also be used with older students in need of extra practice and support or for enrichment for younger students. Teachers, homeschool educators, and tutors have used the materials successfully.

How can this bundle be used in my classroom?

This resource is extremely versatile. Many teachers will use the reading centers as part of their weekly literacy stations. You can also use the reading centers for whole-class games, small groups, partner practice, exit slips, or test prep too. Our best recommendation is to use them for independent or partner work while you meet with small groups to differentiate.

WHO IS TTND?

At The Teacher Next Door, we know that you strive to be an effective reading teacher while maintaining a healthy work-life balance. In order to do that, you need resources that are impactful, yet simple. The problem is that most reading resources and curriculums out there are far from simple. The pages upon pages of daily lesson plans are just plain overwhelming. We believe teachers should be living their lives outside the classroom, and not spending hours lesson planning and searching for resources.

Now, more than ever, teachers need space to be themselves which is why we create and support teachers with timesaving tips and standards-aligned resources.

We can't wait to help you get started.

A NOTE ABOUT OUR CEO AND FOUNDER: Jenn Larson is the creator and founder of The Teacher Next Door. With over 20 years of experience in the classroom and a Master's Degree in Curriculum and Instruction, Jenn specializes in creating resources for upper elementary students. Her goal is to support teachers by providing ready-to-use resources that target standards and help students grow in amazing ways.
