READING CENTERS FAQ

Which classrooms would benefit from a Context Clues Reading Center like this?

This Context Clues Reading Center is for you **if your reading curriculum is lacking** when it comes to focused vocabulary and reading skills practice. If you'd like to **stop endlessly searching for reading activities** that align with this reading standard and are looking for consistent, **easy-to-use** reading games, this resource is for you.

What age is best suited for this Reading Center?

This reading center is **aligned with 4th/5th grade reading standards**. It can also be used with **older students in need of extra practice** and support or for **enrichment for younger students**. Teachers, homeschool educators, and tutors have used the materials successfully.

How can this resource be used in my classroom?

This resource is **extremely versatile**. Many teachers will use the reading center as part of their weekly literacy stations. You can also use the reading center for whole-class games, small groups, partner practice, exit slips, or test prep. Our **best recommendation is to use them for independent or partner work while you meet with small groups to differentiate**.

WHO IS TTND?

At **The Teacher Next Door**, we know that you strive to be an effective reading teacher while maintaining a healthy work-life balance. In order to do that, you need resources that are impactful yet simple. The problem is that most reading resources and curriculums out there are far from simple. The pages upon pages of daily lesson plans are just plain overwhelming. We believe teachers should be living their lives outside the classroom and not spending hours lesson planning and searching for resources.

Now, more than ever, teachers need space to be themselves, which is why we create and support teachers with timesaving tips and standards-aligned resources.

We can't wait to help you get started.

A NOTE ABOUT OUR CEO AND FOUNDER: Jenn Larson is the creator and founder of The Teacher Next Door. With over 20 years of experience in the classroom and a Master's Degree in Curriculum and Instruction, Jenn specializes in creating resources for upper elementary students. Her goal is to support teachers by providing ready-to-use resources that target standards and help students grow in amazing ways.

READING CENTERS MEGA BUNDLE

TEXT EVIDENCE

- 1 The blue whale is a mammal and is the largest animal in
- 2 the world. It can live in every ocean and may swim alone
- 3 or in small groups. Most blue whales are about 85 feet
- 4 long and weigh over 200 tons (400,000 lb.). Blue whales
- 5 are even quite large at birth! While a newborn blue whale
- 6 calf starts out weighing about two tons (4,000 lb.), it gains
- 7 200 pounds every day during the first year of life. The blue
- 8 whale is called a baleen whale because its teeth are like
- 9 combs, which filter food. These whales eat mostly krill,
- 10 which are tiny sea creatures like shrimp. They can eat
- 11 8,000 pounds of krill each day.

1A. In which line(s) did you find the answer to the following question: Which kind of whale is a blue whale?

A. Line 2

B. Line 8

C. Line 11
